Caring Science as Sacred Science, Revised Edition

“In this continuing work, I have allowed myself to incorporate personal material... for my own caring-healing processes ... So, in some ways, writing about Caring and Sacred Science may not be tolerated in academic circles and scholarly work, but if there was ever a time to converge personal and professional authentic, ethical efforts for living/being/doing/becoming scholarly, spirit-filled, and scientific, it is NOW.”

For Immediate Release

Boulder, CO - June 8, 2021 - Watson Caring Science Institute's [Lotus Library](#) proudly announces its newest publication: ***Caring Science as Sacred Science, Revised Edition*** by WCSI's founder and Director [Dr. Jean Watson](#). Written by the leading expert in Caring Science, Dr. Jean Watson, this updated, newly revised text offers a moral and philosophical foundation for all health professionals.

This moral/ethical framework offers the reader a way to work and view life through a caring and healing lens. The author discusses a new paradigm for mind-body-spirit nursing/medicine and healthcare. You will gain core knowledge of caring as it relates to both education and the practice of compassionate, professional human caring and healing. This new edition includes Watson's most recent writings on the **Seven Sacred Sutras** as well as her **10 Caritas Processes®**, a foundational, values-based guide in which to base your life and work.

About the Author, Jean Watson

Jean Watson is a Distinguished Professor Emerita and Dean Emerita of the University of Colorado Denver, College of Nursing, where she held the Endowed Chair in Caring Science at the University of Colorado, Denver and Health Sciences Center. She is the founder of the original Center for Human Caring in Colorado and an American Academy of Nursing Fellow. Watson also is the recipient of numerous awards and honors, including the National Fetzer Institute Norman Cousins Award, an International Kellogg Fellowship in Australia, a Fulbright Research and Lecture Award in Sweden, and six international honorary doctorate degrees. Watson is the author of more than 100 publications in Caring Science and of more than 30 books on the Science of Human Caring™, including the classic: *Nursing. The Philosophy and Science of Caring* which identifies the 10 core “Caritas Processes®”, universals of human caring, necessary for studying and implementing a model of Caring Science in practice. This work restores the deep-spiritual dimensions of Love with caring-healing as the foundation for preparing a new level of practitioners in Caring Science/Caring.
